Subject: Site Visit Friday may 27

On our call last week, I stated that I have a public meeting in Somers on Thursday night the 26th and wanted to see CFAC the following day. I understand that you nor Steve are available that day but there would be someone on site who could show me around. Could you provide me the point of contact and a number where they can be reached so that I can set up a time for the site visit and a place to meet?
